Unity asset - Frozen GUI Pack v1.8: Introducing the Frozen GUI Pack, a versatile game UI package tailored for mobile platforms, offering a captivating frozen aesthetic for your game development projects.

- Comprehensive .PSD mockups provided in a layered format for easy customization.
- The complete package includes prefabs, animations, particles, sounds, and C# source code for seamless integration.
- Designed to be mobile-friendly, accommodating both portrait and landscape orientations interchangeably.
- Extensive assortment of icons and elements, ensuring adaptability across various game genres, including match 3 games.
- Portrait-level background images facilitate infinite scrolling for dynamic gameplay experiences.

Included is a demo project exemplifying the pack's utilization in real-world scenarios, complete with C# source code, prefabs, and animations, offering invaluable insights for implementation.
