Domestika – Animation for Typographic Compositions: Learn the methods to animate your typographic designs and share them with social media

In a world dominated by GIFs and videos, animation is essential for making your letter stand out. With this Domestika course, you'll learn to transform words into images with Adobe After Effects and Cinema 4D Lite and elevate your typographic designs to the highest level.

Gfx plugin details of Domestika – Animation for Typographic Compositions

The product is in the **Tutorial category**, for more information about this post you can click on the home page link in the sidebar.
To search for similar products to Domestika – Animation for Typographic Compositions,

Join motion graphics artist Borja Holke, better known as Holke 79, to discover the techniques, secrets, and methods to create a variety of typographic animations right from scratch.

Meet your instructor, Borja and learn about his experience as a graphic designer and how he came to be known as an expert in motion design. Check out some examples of typographic animations that inspire him and a few of his most favored fonts.

You can install two animation and design tools during this course. Adobe After Effects and Cinema 4D Lite. After that, you can explore their interfaces and verify the settings to ensure that you've got the tools set like your instructor.

It's time to concentrate on all things related to type. Examine the basics of typographic design and understand how to use and search for fonts using Adobe Fonts. Explore two distinct methods of working as a graphic artist and animator: reference-based or concept-based.

Then, you can practice various ways to create animated text using specific exercises using After Effects and Cinema 4D Light.

To conclude the class, design and then animate a typographic banner using the knowledge you've learned to date. Borja will guide students through this process step-by-stage and provide guidelines on selecting the best format to share your work via social media.

What's this course's course's goal?

Create an attractive poster with the new techniques and skills you'll learn during the course.
