

# Design and Create an Augmented Reality Experience – with Adobe photoshop and Adobe Aero

2025-02-10 17:03:27 label 我要反馈 下载页面

**Design and Create an Augmented Reality Experience – with Adobe photoshop and Adobe Aero:** Join this beginner class on animating for Augmented Reality (AR) using Adobe Photoshop and Adobe Aero. Step-by-step, you'll be guided through creating an animated poster in Adobe Photoshop's Timeline and seamlessly importing it into Aero to construct an interactive AR project.

### Key learning points include:

- Understanding the basics and potential of AR
- Mastering animation basics in Photoshop via the Timeline
- Essential techniques for crafting animated content
- Importing animated elements into Aero
- Building an AR experience: including importation, navigation, interface, interactivity, and behaviors
- Final export and publishing procedures Upon completion of the course, you'll:
- Create your first captivating animated AR experience
- Infuse interactivity into your creations
- Craft a personalized AR project entirely on your own
- Share your AR project with others.
