ModeAudio Night Mood Ambient Piano (WAV, MIDI) FULL:

Step into the ethereal realm of Night Mood - Ambient Piano Loops, a captivating sample pack reminiscent of misty vapor trails weaving around billowing clouds in a moonlit landscape. Immerse yourself in 520MB of serene, royalty-free music loops and MIDI files thoughtfully curated into a cohesive collection.

Highlighting the delicate interplay of soft felts against gently vibrating strings, this release features a central folder with 55 acoustic piano loops. These loops, characterized by warmth and rich tones, include breezy lead melodies, supple melodic riffs, and mellow chord progressions. Drawing inspiration from neo-classical minimalists like Nils Frahm and Olafur Arnalds, these piano compositions create a tranquil sonic atmosphere.

Complementing the piano loops are additional folders containing buoyant sub-basses, shimmering instrumental textures, delicate tuned percussion sequences, glacial synth pads, skillfully crafted found percussion loops, and driving orchestral drum parts. With a total of 167 audio loops, this collection seamlessly blends Ambient's patience with Pop's melodic allure.

The package is further enriched with 112 key and tempo-labelled MIDI loops, allowing users to expand on the featured harmonies and rhythms using their preferred plugins. Additionally, 85 instrumental tail samples provide a smooth, natural conclusion to chosen loops.

Whether crafting soulful Pop arrangements or engaging in subtly cinematic soundtrack sessions, Night Mood - Ambient Piano Loops invites you to join a quiet revolution. Download now and explore the boundless possibilities within this enchanting musical journey.

Contents:
