

Pixel Bender Accelerator v1.2.3+ Activation Serial (Win,Mac)

2025-02-10 17:02:42 label 我要反馈 下载页面

Runs **Pixel Bender** filters using the GPU of your card. Apart from making them operate very quickly in addition, it means that you may run pixel bender documents in CS6 and over!

Pixel Bender Accelerator (PBA) is a native After Effects plugin That runs Pixel Bender filters employing the GPU of your card. Apart from making them operate very quickly in addition, it means that you may run pixel bender documents in CS6 and over!

Pixel Bender is a movie processing language Which Allows for simple Production of video and image processing filters. You are able to use the Pixel Bender terminology to execute image processing calculations (filters or outcomes) within a hardware-independent method.

Currently supports Pixel Bender Graphs (.pbg) in addition to Kernels (.pbk)!

PBA Translates Pixel Bender documents (.pbk or even .pbg) into OpenGL Shading Language (GLSL), compiles and runs them to the GPU of the video card that's considerably faster at image processing jobs compared to your CPU. As this is a native plugin that it means now you can conduct .pbg along with .pbk files from CS6 and over! (Adobe stopped support for Pixel Bender from CS6 so with this plugin You Cannot run pbk documents in CS6)

Please Be aware: there are a few constraints so please get the free trial and then attempt your own Pixel Bender files before buying.

Important compatibility note for CC2015

About Mac OSX 10.11(EI Capitan), to apply the result from Effect Menu triggers wreck AE. Put on the result by launcher script; PBA_Launcher.

If a Filter employed from the script isn't left push the"Reset" button towards the very top of the impact panel following your use of the filter.

Please Be aware: This item **doesn't INCLUDE** Pixel Bender documents.

Update Notice: Should you have Pixel Bender Kernel Accelerator (PBKA) you are able to update it for free if you purchased it afterward Aug 15, 2013, or to get \$20 when you purchased it. Just log into the Identical account where you bought it along with the discounted upgrade cost will be automatically displayed
