3D Glossy Animated Stroke (Videohive 21496119): That is a Great emblem demonstration on videohive. This gorgeous glistening surface will look great with your own logo. The expression is as sensible as you can to correct with the camera motions. Moreover, the wonderful animated 3D stroke rather than standard extrudes is among its type. The undertaking will extrude the vivid portions of your emblem while the dark components will probably be regular flat extrudes beneath the curved extrudes.

That is a Brand new sort of 3D extrudes which is fantastic in its own presentations. The Job demands no plugins and just the built-in plugins are utilized to make This particular undertaking. Optical flares are rendered nevertheless, a separate job is Also contained where your camera edits the optical rhythms.

- Duration: 12 Secs
- No Plugins Required
- Later Outcomes CS5.5 & Most
- Total HD
