平面设计　　Photoshop

Broken screen fragments, distorted pixels, hissing lines discolored colors -- the energy of a glitched photo effect is difficult to overlook. Put your most-loved photos into the digital realm, which gives them a sexy look like a movie. You don't need to know how to use computers to achieve the look you see simply the click of a button, a click and you're a beauty!

Gfx plugin details of Cyber Glitch Photo Effect CreativeMarket - 7158093
