BlenderMarket - True Terrain 4.4:

A Comprehensive Terrain Creation Suite: Efficiently craft entire worlds with just one tool.

Terrain Creation Made Easy:

Create Terrain: Utilize Blender's built-in A.N.T. system, accompanied by our provided heightmaps, or seamlessly integrate NodeScapes for stunning terrains.

NEW: Installable heightmaps for versatile terrain creation using Geo-nodes.

Add Materials: Access a diverse selection of up to 165 seamless terrain textures for crafting realistic landscapes.

Add Snow: Employ True-Terrain to fashion incredibly realistic arctic scenes. Our shader and mapping system guarantees the creation of remarkably lifelike snow, enhancing any winter landscape.

Scatter Assets: Effortlessly scatter nature across your terrain with a single click, and further refine their positions using our advanced scatter system.

NEW: Explore 4 scatter presets to kickstart your scattering process, with the flexibility to modify assets in the properties at any time. Let your creativity run wild!

Includes

Terrain Creation:

- Utilize built-in functions to import heightmaps or generate terrains using the A.N.T system.
- Harness the power of NodeScapes, employing nodes for advanced users.

Realtime Blending:

- Access a vast texture library and blend textures seamlessly with our advanced shader system, enabling the creation of realistic and unique terrains.

Asset Scatter System:

- Enjoy a fully integrated scattering system, featuring a rich assortment of assets, including rocks, trees, and grass.
- Scatter any asset from your scene and explore starter presets for added convenience.

Why True-Terrain?

True-Terrain is designed to empower you to build your worlds seamlessly without missing out on any essential features!

Unparalleled Realism: Our unique water shaders are meticulously crafted to authentically simulate the appearance of water, both from the surface and beneath.

From caustics and foam to light penetration and density, our water system delivers astonishingly realistic results.

Variety of Water Types: True-Terrain offers a total of four distinct water types, providing versatility and options to suit your specific needs.
