

Unity Asset - 100 Special Skills Effects Pack v24.9

2025-02-10 16:44:32 label 我要反馈 下载页面

Unity Asset - 100 Special Skills Effects Pack v24.9: Containing over 100 special visual effects; this asset offers a plethora of impact with unique names and concepts such as Magic, Ice, Blood, Devil, Poison, Planet, Slash, Explosion, and more, all ready for integration into your projects.

- Compatibility with Standard, URP, and HDRP render pipelines (Note: URP and HDRP do not support Distortion effects).
- Support for high-end (PC/VR) and low-end (Mobile) platforms.
- All effects are HDR color-based, ensuring optimal performance.
- Custom shaders offer advanced functionalities and improved visual effects.
- Support for both linear and gamma color spaces.
- Easy resizing and customization of effects.
- It is built on Unity's particle system.
- Utilizes Unity's post-processing capabilities.
- Includes guide papers for ease of use.
- It features a Toon style patch for additional customization, accessible in the EffectScene.
