JAWS – 33 Monster Mouths ‘n Skulls & IMM Brush Pack: 33 ZBrush sub tool Monster Mouths & IMM Brush.

An excellent springboard for ideas - quickly spice up 3D sculpting/designing/conception, or even augment and change existing sculpts. Included is a Zbrush Insert mesh brush that houses all jaws and the Zbrush master file containing each jaw as distinct sub-tools (organized and Polygrouped), FBX, and OBJ files. They are high poly, untextured models.

All of them have been destroyed in the most efficient way possible without sacrificing any detail.

I hope you will have the same enjoyment from these as I did when I created them!

Made using Zbrush 2018.1
