10 Shades of White Photoshop Actions: As you consider white, a specific hue is likely to pop up in your head as one that is clean and clear without any other colors or hues sneaking into the picture. There are as numerous colors of white, as other shades. Although some appear more like blue, yellow, or green, some are actually orange.

This Presets pack contains the most popular shades of white (pure white ivory, lace, snow, green beige) in the form of 10 Photoshop Action and ACR Presets. These presets are best suited when photos are taken in poor lighting conditions. If you want a way to keep the whites in your photos as clear and bright as they can be and the whites of your photos as pure and clear as they can be pick this set of presets!

This vibrant pack will enhance the beauty of your subject by brightening pictures and providing smooth, toned skin. Take advantage of the beauty of white tones when you purchase this unique collection of lifestyle presets.

They're perfect for influencers, bloggers and portrait photographers, and lifestyle photography, as well as travel, and also to give your feed on Instagram an individual style.
