Archipelago Quest 35 – Nexus Presets introduces a collection designed to enhance cinematic tonality using Nexus.

How to edit the color grading of images using presets in Lightroom?

You can use "Archipelago Quest 35 – Nexus Presets" to design your project.

Drawing inspiration from contemporary filmmaking, Nexus offers stylized presets aiming to achieve a 'filmic still' appearance and aesthetic.

"Archipelago Quest 35 – Nexus Presets" Samples:

The set includes two unique color presets, each with two variations, alongside two creative profiles and four color-grading masks mimicking different times of the day. Users are encouraged to apply presets as a foundation and then utilize color grading for personalized adjustments, fostering a tailored cinematic experience.
