Ideal for all heroic and epic tales such as mythological battle-fiction, old war songs, and any other fantasy film is also suitable for other scenarios where standard film sound is needed.

With 50 fully-loaded, powerful hit sounds that will make your compositions stand out and reduce time simply incorporate them into your work! Each sound is super-detailed, layered, and edited and can be easily added to your compositions.

Every sound was recorded at 24bit/192kHz created and then delivered in 24bit/96kHz format to ensure the best quality required for today's film production needs. The recordings were then edited to be immediately used in your creative processing. The sound was recorded using Rode NTG-3 Rode NT4, Rode NTG-8, Rode NT1, Audio-Technica BP4025, AKG C411 PP, Sound Devices 722, Sound Devices MixPre-10T Zoom F8, Zoom H6, Tascam Dr-100 MKIII, Tascam DR-44WL.
