

Map Connection Display (Videohive 15686551) - AE Project

2025-02-10 16:37:17 [label](#) [我要反馈](#) [下载页面](#)

Map Connection Display - AE Project VH-15686551: Map Connection Display is a brand-new design perfect for your presentation, such as futuristic promotional, sci-fi opening, stunning slideshows, glitchy displays, or any other type of presentation. The project includes more than 28 pre-built scenes that have a modular structure. It includes three versions of the time of the same scene: medium (0:32), short (0:32), medium (1:02), and long(2:20). The template is user-friendly; all you have to do is drag your photos or video and then edit your text, colors, and click to render. Make your next sci-fi show by using this template today!

Great for opening trailers, news slideshows, and news.

- No plug-ins Required
- Three duration versions are available!
- Short (0:32), medium (1:02), long(2:20)
- Modular Structure
- Easy to Use!
- Easy Color Control
- Expressions are universalized and are used in any language!
- After Effects CS5 and above

What is the Map Connection Display AE Project?

A "Map Connection Display AE Project" typically refers to a pre-made project or template for Adobe After Effects (AE) that is designed for creating animated maps with connections or data displays. Adobe After Effects is a powerful software used for motion graphics, visual effects, and compositing, making it suitable for creating animations, including those involving map visualizations.
