

## Unity Asset - Dungeon Cute Series v1.0

2025-02-10 17:09:58    [label](#)    [我要反馈](#)    [下载页面](#)

**Unity Asset - Dungeon Cute Series v1.0:** Introducing the Cute Series, a delightful collection of modular and easy-to-use characters, environments, and props to enhance your game development experience. Whether creating a Pokemon-inspired adventure, a Mario-style platformer, or a tower defense RPG, the Cute Series has everything you need to bring your game world to life.

**Cute Series Hero Characters:** These adorable hero characters are modular and humanoid mecanim-ready, perfect for various game genres. With three different evolutions, you can show progression in your game, with Evolution 1 being the least evolved (weaker) and Evolution 3 being the most developed (most powerful).

**Cute Series Environments:** The environments are modular and easy to use, featuring over 160 environmental prop prefabs. From walls and grounds to structures and statues, these prefabs are designed to be pulled directly into your scene for effortless scene creation. Use Unity's free Progrid for easy snapping of prefabs and unleash your creativity with the included demo scene.

**Asset Formats:** The 3D files are provided in FBX format within the package. Additional file formats may be available for an extra fee.

**Series List:** Explore other series within the Cute Series collection, including the Super Series, Ace Series, Fantasy Pro Series, Polygonal Series, Cube Series, Simp Series, Mega Toon Series, and more!

Don't miss the opportunity to enhance your game development workflow with the Cute Series. Check out the preview images and videos to learn more about the content before purchasing. With the Cute Series, creating charming and engaging game worlds has never been easier!
