Unlike many movie looks, VistaLUT does not steal lightness, but it liberally turns on the lights! Amazing.

GLAMOROUS SKIN LIGHTNESS

Skin Care emits the Ideal amount of living light.

CINEMATIC KEY LIGHTS

VistaLUT easily enhances the crucial lights, creating a stunning cinematic comparison from dull electronic footage.

VIBRANT AMBIENT LIGHT

Occasionally digital footage is lifeless and dull. VistaLUT enriches the ambient lighting and gives life into particulars, that otherwise could only be missing in the greyness.

NEW WAVE CINEMA COLORS

VistaLUT is motivated by the work of the Best new wave supervisors. Tati, Godard, simply to name a few. Color richness in critical.

STANDS OUT ON MOBILE DEVICES

Your viewers will appreciate the Effect of VistaLUT, not just on displays and TVs but on mobile devices, thanks to VistaLUT's lively range optimisation.

AMAZING OVERALL WARMTH

Digital imaging is famous be chilly and greysh. VistaLUT restores the actual sunlight warmth into your footage, which makes it pleasant and alive.

EASY OPERATION THANKS TO 12 WB AND two EXPOSURES

Normally you won't require any extra plugin. Just pick the WB version which fits your taste. And you're able to remove or add a great deal of light by selecting from 2 unique exposures.

REMINISCENT OF THE 70MM COLOR TIMING CULTURE

VistaLUT does not pretend to replicate that a movie size... but it reflects the 70mm color time civilization.
