Adobe Lightroom Classic 2025 v14.1.1 (Win, Mac-v14.0.1)

is a powerful, desktop-optimized photo editing tool. It offers comprehensive features to enhance photos, including advanced color adjustment, distraction removal, and image straightening.

How to use tools to edit color and smooth the image in Photoshop?

You can edit your images beautifully using "Adobe Lightroom Classic".

"Adobe Lightroom Classic" Samples:

The new version introduces robust masking tools for precise edits and a Content-Aware Remove feature for seamless object removal. Adaptive Presets allow for instant transformations, elevating specific areas of your photos with ease. Additionally, Lightroom Classic facilitates efficient organization and sharing of your photo library.

Complementing this, Lightroom's cloud-based service provides an all-in-one solution for editing, organizing, storing, and sharing photos across devices.
