RENDER VIDEO

Open the "Render Comp" composition. Click on the menu option Composition > Add to render queue Select the desired output format and the video location. Click on the Render option.

What is Ink Wedding Slideshow?

"Ink Wedding Slideshow" is a motion graphics template designed for use in video editing software such as Premiere Pro CC. It's crafted specifically for creating stylish and elegant slideshows for wedding-related content. The term "Ink" suggests a design aesthetic that may incorporate fluid, flowing elements resembling ink or watercolor, often used to evoke a romantic or dreamy atmosphere. This template might offer features like animated transitions, text placeholders, and media placeholders where users can insert their own photos or videos to personalize their wedding slideshow.
