**26 Kodak Film Presets For Lightroom & Camera Raw 19759590:** Kodak Film contains 26 carefully designed Lightroom & Camera RAW presets specifically designed to mimic Kodak's professional color-negative films. It will give stunning, creative, and high-end looks to your photos. These are great for weddings, portraits fashion, editorial, lifestyle as well as product and blog photography. Make your digital photos look like film! Below are a few of the features it offers:

- 26 Premium Presets have been tested with Lightroom & Camera RAW
- A unique and professional result is achievable with just one click
- Non-destructive and 100% safe We have tasted the various photos and the results are amazing
- Simple to use, just one click to install the file and powerful support when you require it
- The presets won't alter the white balance (White Balance) of your image. they are able to work using exposure, color contrast, whites, blacks, etc. If your WB is fine they'll give you exactly the same as the preview image. And this is amazing.
- No camera calibration profiles needed
