EXTURES + TRANSITIONS CREATED WITH FILMMAKERS IN MIND

Through the Years, I have hunted high and low for exceptional VHS Textures for my own films. And after fighting an infinite sea of imitation Presets and cheesy emulations, I eventually decided to catch my own.

Testing numerous VHS + VCR combos, I have narrowed down the slides to my own Favored 20 textures and adjustments (and some really unique bonuses).

Organized and clearly labeled for quick drag-and-drop, I have taken the hard work From scanning through unlimited documents for the best moments on your edit. You will quickly discover what you want and change your projects with only a few clicks.
