What is Halftone Photoshop Action

A "Halftone Photoshop Action" is a set of pre-recorded, automated steps that can be applied to an image in Adobe Photoshop to create a halftone effect quickly and easily. This action streamlines the process of converting an image into a halftone pattern, a technique commonly used in design and printing for reproducing images with a series of dots. Halftone effects can give images a retro or vintage look and are often used in posters, comic books, and various types of graphic design.
