As artists and photographers, We were all surrounded by the sunlight. We were destined to be artists in the midst of moments of amazement at the silken sky or a pool of sun vapor flowing over our fingers. We see beauty in the imperfections as well as in the imperfections that are the light of night.

To pay homage to this history in the light we've created 12 distinctive lighting leak effects, that are based on real film, and faithfully recreated in Lightroom and bridging that gap in between the simplicity of digital and the enduring beauty of film. This set comes with a broad range of effects, ranging from subtle to powerful. Each light leak is available in four different versions: black and white, color both vertical and horizontal to offer a variety of options. Apply using a simple single-click application in the LR/ACR program. (No Photoshop!)

Please note: This set needs Adobe Lightroom Subscription: LR Classic CC (v7.5+) or LR Creative CC (v1.3+) and/or Adobe Photoshop ACR (v10.5+) After purchase, consult the Install Guide for instructions on how to install it.
