The **Blender Market – Gaffer – Light & Hdri Manager** is a Blender add-on aimed at optimizing the lighting workflow.

How is it to display the size of the lamp and adjust the light directly in the 3D view in the Blender market?

You can design your project from "Blender Market – Gaffer – Light & Hdri Manager".

It offers streamlined access to essential settings and previously inaccessible panels for efficient experimentation.

Endorsed by lighting artist Reynante Martinez for its transformative capabilities, Gaffer boasts new features including compatibility with Blender 4.0, a user-friendly interface for lamp settings, an enhanced HDRI manager, and useful visualizations such as displaying lamp size directly in the 3D view.

"Blender Market – Gaffer – Light & Hdri Manager" Samples:

Furthermore, the add-on provides free updates indefinitely, offers a trial version with full functionality but with minor labeling, and ensures compatibility with various render engines across different Blender versions.
