VIDEOHIVE　Project

Retro Gameplay – 8-bit 16-bit VH-35466696: The game is fake. game from the past. It can be used in your work or to make up a story. The video only shows games, making it an ideal choice for you in the event that you have to present an 8/16bit tale but do not have the license to show gameplay from actual videogames.

You can alter many of the details, such as the coin design color, text, and colors logotypes. Everything in this template can be customized. For speedier rendering, we modify certain design elements (like images of backdrops, houses, etc.) to images.

- Simple customization.
- Sound FX is also included.
- 1920x1080; 29.97fps
- After Effects CC2020 and above.
- A help PDF file is included.
- No plugins are required.
