**Better Grids – Layout Creation Kit (ZXP, PDF, JPG):** Are you tired of manually creating galleries and grid layouts? Better Grids will eliminate this hassle! Professional layout panels offer all the customization that native photoshop does not provide, such as individual cell weights and perfect aspect ratios. You can play with the settings to make your grid shape layers or frame layers with a single click. There are eight shortcuts that will help you speed up your workflow by placing frequently used guidelines or positioning selected layers. The results are organized and pixel perfect and work within selections.
