Motionarray　　平面设计

Lower Thirds Neon Pack is a bright and lively animated After Effects template that uses an elegant combination of vibrant shapes, strokes, as well as text effects. It comes with 12 bright lower thirds. They're incredibly simple to use and each is equipped with its own color controller. Enhance your product promotions and shop signs, take-away menus display in stores, and many more. Use this template for AE to give that cool neon glow look to the videos you make. No plugins are required. The game is also available in HD.
