AudeoBox Twisted Metal 3: Sometimes, one person's garbage is the treasure of another generation, And that's precisely what The Twisted Metal series encapsulates. Our musical refinement raises the bar while maintaining the spirit of the previous albums. Twisted Metal 3 shifts into an aggressive sound which AshNikko, NAV, 21 Savage, Travis Scott, and 2 Chainz would easily hop onto. With a scrapyard filled with melodic and evocative beats and drums that have a mind of their own, crafted through Dabow and Skimmy, Twisted Metal 3 is a mangled trap-themed playground.
