Toolroom Siege Vol. 2 Trademark Series (WAV): This month we return to one of Toolroom's most consistent and prolific producers, Siege. A fan of the label and a producer of the year, Siege perfectly understands the Toolroom's distinctive sound, constantly getting the right nuances of what makes an energized authentic Toolroom single.

In the wake of this year's course on production in conjunction with the Toolroom Academy, it seemed appropriate to delve into his hard drive and provide an additional, fresh installment of his huge Trademark Series. Siege offers a vital sequel, featuring an easy-to-use pack that includes high-quality, royalty-free loops as well as one-shots. It is ready to go into the mix or as the basis of your next major space Tech House release. With carefully curated drum patterns including bass lines, top lines, and bass lines, this library will be a great source of loops that will appeal to every House producer.
