SLOG LUTPACK SPRING '18 by AUXOUT: You'll Get 9 LUTs that I generated from the process of Experimenting variously to take clear pictures with S-Log. I shot in several Different situations day through the night to make these LUTs and seems very clean and Can feels spring up when employing it as you saw from the sample movie.

It works on almost any SONY camera that encourages S-Log2 / S-Log3, and in Addition, It functions On any editing applications which support 3D LUT (.cube document) such as Premiere, FCPX, Davinci Resolve, Photoshop, Lightroom, etc..

The performance has been verified on:

- DaVinci Resolve
- Adobe Premiere Pro
- Final Cut Pro X

The most recent version as of this date, it is released.

For any other applications or apparatus, it must work provided that luts (.cube documents) Are encouraged, but we haven't analyzed the surgery.

- CAMERA SETTING: Any SONY Camera support S-Log
- Gamma: S-Log2 / S-Log3
- Color Mode: S-Gamut / S-Gamut3. Cine
- everything else is the default.
