Sonuscore Trailer Sounds Vol 1 – Cinematic Hits: Have you heard of this secret technique that top soundtracks composers typically use? Each one has this little folder tucked in their closet that holds nothing more than an assortment of their most-loved .wav sounds.

It may sound a bit boring. However, it's one of the fastest paths to epic Hollywood sound. It's a hidden folder with pre-designed sound materials, including cinematic hits and whooshes. If required, you can put them in the DAW directly to add cinematic grandeur.

How to turn sound effects into a music trailer?

You can make a trailer using "Sonuscore Trailer Sounds Vol 1 – Cinematic Hits" in Sound Effects.

Where can I download the product?

After subscription, You can download it for free from here.

For the first volume, TRAILER SOUNDS VOLUME 1 Cinematic Hits, we've collected 150 breathtaking, bass-pounding, cinematic booms and whoosh songs with our friends from the world-renowned BOOM Library. You'll never need to look for cinematic and fat-sounding sounds or whoosh using different software instruments. Do what the many successful composers of soundtracks do: put all of them in one folder and drag them into your DAW, and voila!

EARTH-SHAKING DESIGN

These sounds are all exceptionally constructed, mostly non-tonal booms, hits, and whoosh hits that are most suitable for contemporary trailers and other film-related masterpieces. They range from loud metallic to clear, crisp sounds, from dramatic hits to soft, gentle taps. The booms are heartbreaking thumps and huge, gut-wrenching downers.

TRUE DRAG-AND-DROP

Our TRAILER SOUNDS were designed with proper drag-and-drop use in the user's mind. It's no Kontakt or complex instruments and no fiddling around. Locate the .wav file you wish to play. Click it, move it to the correct spot in your DAW, and listen to how stunning the trailer's soundtrack is. It's that simple.

Includes

- BOOM Abort.wav
- BOOM Bounce 01.wav
- BOOM Critical Mass.wav
- BOOM Hollow Cube 01.wav
- BOOM Lowverload 01.wav
- BOOM Mariana.wav
