Mesa – Carousel Post Templates: Get the most value from the Instagram post gallery with this new product idea. This kit lets users build collections of posts that move effortlessly under your fingers while you swipe left on the carousel. The templates are available in posts in square and vertical formats, with high-res and pixel-perfect for Instagram.

It's incredibly easy to alter the templates. We've made the files ready to be cut into sections, so you'll only need to drag your images inside these smart objects. You can then save them in one click.
