2025-02-10 17:06:13   label 我要反馈   下载页面

This program is designed to create an authentic Mixed Media Art look. With this professional program, you can transform your ordinary images into incredible ones. Easy to alter, with a non-destructive effect. This effect lets you be able to choose between 10 different colors If you're able to look up without looking. You can also alter the shade of the brush effortlessly.

The action was confirmed and tested with Photoshop (English Version) It is the CC2020 English Version. The version that is supported by software that is compatible with CC from the most current English Version

Most important instruction:

(1) First step opening an image inside Photoshop. Make sure you expand the area around the image to get optimal outcomes. Choose the background image you would like to use, and make use of the crop tool in the toolbar. Then, increase the size to include all sides. You must then resize the image. To expand the dimensions of the photo Click on crop tools. On the top menu bar. There is a W x H Reso, three empty boxes. Enter W2000px. H 2000px. Resolution 72. Press Enter.

(2) Open your image Create a new layer. Change its name into "paint"(in lowercase). Then pick a paintbrush and then paint your image. Then, close your "paint" layer eye and keep selecting the "paint" layer Then click the play button.
