**Portrait Photography: Capturing the Essence of a Subject:** Ever wondered about the art of portrait photography, how to take captivating shots and master the art of editing? If so, this course is tailor-made for you!

Join me on a journey to discover the intricacies of creating stunning portraits. We'll not only delve into the definition of portraits but also explore both exemplary and less favorable examples. The course goes beyond technical aspects, emphasizing the crucial relationship between the subject and the photographer, highlighting the significance of that space in crafting exceptional photographs.

Portrait photography, or portraiture, is an expressive form aimed at capturing the essence and personality of an individual, using adequate lighting, backdrops, and poses. The subject becomes the protagonist in the story you aim to tell, and the goal is to showcase who they are. Throughout the course, I'll take you behind the scenes, guiding you step by step through the process of creating portraits, from pre-production to the exciting production phase and the essential post-production stage.

### Key Learning Points:

- Understanding Portrait Photography
- Portrait Preparation Techniques
- Mastering Natural Light & Supplementing with Strobes
- Establishing Intimacy: Fostering Comfort with Your Subject
- Changing Things Up: Details, Poses & Angles
- The Art of Taking a Break
- Culling & Editing: Enhancing Your Portraits

Through engaging lessons and illustrative examples, you'll gain practical insights into portrait photography, equipping you with the skills to capture and enhance compelling portraits. Join me on this creative exploration, and let's bring your portrait photography to new heights!
