**Deep Data Loops Daft Disco 2 (WAV, MIDI):** Deep Data Loops proudly presents a stellar sequel featuring 10 captivating French House Music construction kits, brimming with that infectious funky Disco vibe. Dive into an array of WAV loops alongside corresponding MIDI files, providing unparalleled flexibility in your creative process. Immerse yourself in the essence of French House, with generous servings of bold synth chords, funky basslines, groovy beats, and dashes of acid lines or distorted 70s-like synths for irresistible melodies.

This royalty-free content is tailor-made for arrangement, editing, mashups, or serving as a wellspring of inspiration through individual loops. The included MIDI files empower you with even greater control, allowing seamless interchangeability of sounds to suit your preferences. Whether you're crafting a full arrangement or seeking to infuse new life into individual loops, this pack ensures an enjoyable and dynamic production experience.

### Product Highlights:

- 10 Construction Kits featuring:
- 70 WAV Loops
- 70 MIDI Files

Unleash your creativity, amplify positive dancefloor vibes, and add a touch of French House finesse to your productions. Deep Data Loops invites you to harness the energy of these construction kits, ensuring a fun and inspiring journey in music production.
