Archipelago Quest – Quest Tools 06 Modern Borders: Borders to your photos is a fantastic method to create a frame for your image and give it a unique finish. The set has seven distinct borders, each with an uncluttered and modern look.

Each border can be used in both horizontal and vertical orientations. The borders can be altered within the panel mask of Lightroom.

These borders are best suited for images with an aspect ratio of 2x3/4x6. Be aware that extreme angles or distortion correction may cause the masks to be unaligned.
