Blender Market - Humanpro v1.1:

HumanPro is a robust Blender add-on that makes it easier to construct hyper-realistic skin textures and automate facial animation.

Using HumanPro, a set combining the realism of an 8k quality human skin texture, makes it possible to create models with unrivaled detail. With HumanPro, animation and texture workflows are optimized, which increases the creator's ability to facilitate vibrant and emotionally engaging characters.

Includes:

- **Facial Control System:** Advanced controls for facial animation for laughter or tears.
- **Time-saving Workflow:** Cultivates creativity whilst improving efficiency.
- **Enhanced Realism:** Perfect for building characters who exude visual and emotional appeal.
