Unreal engine - Animations Motion Matching Male Locomotion Set v5.3:

Introducing our Motion Matching animation set tailored for creators, indie studios, and enthusiasts seeking seamless non-strafe locomotion. Crafted with precision and expertise, these animations are designed to integrate effortlessly into your projects, offering intuitive control and fluid motion.

- Comprehensive set of animations including Idle, Walk, Jog, Run, Additional, and Shuffle movements.
- Documentation and dance cards for easy reference.
- Animations retargeted for two Unreal skeletons, ensuring compatibility across platforms.
- Rigged to the Epic skeleton with optional IK bones included.
- Total of 86 animations (172 for both skeletons), meticulously crafted to deliver realistic motion.
- Animation types feature Root Motion for enhanced control and realism.

Supported Platforms:

- Windows: Yes

Please note that while our animations excel in the Motion Matching system, they require understanding of the underlying principles and compatible systems for optimal performance. Tested with the Motion Symphony plugin available on the Unreal Engine Marketplace, our animations are primed to elevate your projects with seamless and immersive motion.
