**Unity Asset - Customizable Survivors Pack v2.0:** The Survivor Pack | Mega bundle offers a comprehensive collection of customizable game-ready characters, including Girls and male models. Each model has various customizable options, allowing you to tailor their appearance to suit your game's needs. These models offer extensive customization possibilities, from hairstyles and clothing options to Blendshapes and skin colours.

**Bundle Content:**

- Survival Man: A customizable 3D survivor model for male characters.
- Survival Girl: A customizable 3D survivor model for female characters.

These models are rigged to the Humanoid skeleton and include Morph Targets for facial expressions, providing flexibility and ease of use for game developers. With their low-poly design and extensive customization options, the Survivor Pack | Mega bundle is ideal for creating diverse and dynamic characters in your game projects.

- Low-poly: Optimized for performance without compromising visual quality.
- Fully Rigged: Rigged to the Humanoid skeleton for easy animation.
- Modular: Each modular model allows you to mix and match different clothing and accessories.
- Many Blendshapes: Includes a variety of Blendshapes for facial expressions, adding depth and realism to character animations.
- Easy Color Change: Simple colour customization options make tweak each character's appearance easy to fit your artistic vision.
