**Aescripts Markers Pro:**

The content highlights various functionalities for managing markers in Adobe Premiere Pro, allowing users to work more efficiently.

- **Adding Markers**: Users can add markers to entire selections, in and out points, or individual clips.
- **Moving and Changing Color**: Markers can be repositioned or have their colors changed.
- **Copying, Pasting, and Deleting**: Users can cut, copy, paste, and delete markers as needed.
- **Limiting Actions**: Actions can be restricted to specific markers, in and out points, or set relative to the playhead (before, after, or both).
- **Offsetting Markers**: Users can offset markers by frames or seconds and align them to the playhead.
- **Marker Behavior Control**: For markers whose start or end is outside the selected range, special behavior can be controlled.
- **Marker Presets**: Up to five markers presets can be saved for quick access.
- **Custom Undo/Redo**: A tailored undo/redo functionality is available for marker actions.

Overall, these features enhance workflow efficiency by providing granular control over marker management in Premiere Pro.
