Unreal engine - Temple Of The Gods - Ancient Temple - Modular Temple v5.3:

Story

Deep within the annals of time, the Temple of the Gods of Olympus stood as a sacred site of reverence and pilgrimage, honoring the ancient deities. Legend spoke of its construction by the first devotees of the gods, an enigmatic group known as the Sky-Walkers. They claimed divine favor, bestowed upon them by the gods themselves, enabling them to tread upon the clouds and ascend to the celestial heights where the gods dwelled.

- **Unreal Engine 5 (UE5) Integration:** Crafted exclusively for UE5, harnessing the power of Lumen and Nanite to elevate both visual fidelity and performance to unparalleled heights.
