Aescripts Fractal Noise 3D v1.54 (WIN, MAC): Produce **Fractal Noise** in 3 dimensions! Quite helpful for integrating sound in 3D composites. It reacts with After Effects comp lights and cameras.

Makes 3D Noise that interacts using After Effects Lights and cameras.

- New Geometry manners: Marble, Wood
- Moderate transmission of Obstacle Layer
- Pick out of 5 geometry modes
- Uniform
- Horizontal
- Spherical
- Granite
- Wood
- You can also have an obstruction 3D layer.
- Composite with 3D leaves by Employing a thickness map to find out the sound interaction in distance.
