MotionVFX - mRevealer Glitch:

The Distortion Frenzy for FCPX is a collection of 30 glitch and distortion effects designed to enhance motion graphic design in Final Cut Pro.

These presets are ideal for adding energy and visual impact to logos, text, and footage, making them perfect for projects like intros, music videos, commercials, event teasers, and trailers. The drag-and-drop functionality ensures an easy and intuitive workflow, allowing users to instantly apply dynamic digital distortion effects.

The pack also includes 30 customizable titles, offering limitless styles for creating memorable logo presentations. Compatible with macOS 10.13.2 and later, it supports both Apple Silicon and Intel chips.
