The Boudoir Tones collection has been designed to create moody art. Although they were designed for low-light / natural light boudoir images that are directed, they also work well with images made in a studio and outdoors in natural light.

Jasmin developed her Boudoir Tones collection to aid her with her boudoir practice to speed up her workflow. And now she's sharing these with you.

The presets can give your photos a romantic style with some contrast.

From blue to brown to warm tones, This set is skin-tone focused and is compatible with all skin tones from pale to ebony.

Sure presets feature a grainy and deep feel; some have a soft feeling and smoothing effect.

The Boudoir Tones preset collection contains 44 presets and nine Skin Brushes.

Technical and General Information:
