

Renaissance Style Retouching In Photoshop

2025-02-10 17:10:43 label 我要反馈 下载页面

Requirements

- An understanding basics of Adobe Photoshop
- Basic understanding of lighting in photography
- Adobe Photoshop CC

Retouching photos using Photoshop with a Renaissance style. Get the maximum benefit of Rembrandt-style lighting using colors along with fine Art editing.

This course is regularly updated. Future projects and the latest Photoshop methods of compositing will be added regularly.

In this class, we will create a Fine Art Renaissance image. We will work with blend and masking techniques which will enable you to create your own work of artwork that is distinct.

What will I learn?

How do you create commercial-level composites that you can sell?

Enhance your photoshop abilities and techniques to an expert level.

Learn how to improve your workflow to produce expert levels of work in the shortest time that is possible.

Advanced and basic principles of digital compositing used in commercial production.

The course is designed to be hands-on and **project-based**, with new projects being added on a regular basis. Each course will come with material for the project, but you are free to bring your own.

What exactly are the prerequisites?

- Mac or PC that has Adobe Photoshop (CC preferable) installed.
- Access to digital materials from this course. Download them.
- Basic understanding of Photoshop fundamentals.

What do I hope to learn from this course?

- Learn concepts for digital compositing
- Recommended workflow
- Get a thorough understanding of how to blend various components in Photoshop
- Methods of masking that are used to remove the model from the background
- How can models realistically blend into various backgrounds
- How can you create professional digital compositions

Which is your intended public?

- Digital artists who wish to develop their skills in Photoshop
- Photographers with a passion for creativity
- Artists who are looking to make the next step to become professional
- People who wish to create pieces of compositing that are sold
- Professionals or enthusiasts seeking their next challenge or personal development

This course is to be used for:
