Creativemarket – Cupcake Branding Kit Templates: Introducing the Cupcake Branding Kit – a comprehensive set of logo design templates featuring 75+ line art illustrations inspired by vintage graphics and stamps. Perfect for cupcake-related businesses, such as cupcake design, product manufacturing, restaurants, retail, handmade crafts, product photography, cupcake decoration, bakeries, event planning, party planning, and more.

All elements are provided as vector files in AI or EPS format, allowing effortless resizing and color customization. The vector files include adjustable strokes and flat graphic options. Additionally, each element is individually saved as PNG and SVG files with a transparent background. The package also includes pre-made logos in PSD files.

The kit comes complete with easy-to-follow instructions. The included free font details are provided in the help file. Making text adjustments is a breeze:

- Open the file with Adobe Illustrator/Photoshop CS or higher.
- Press 'T' on the keyboard and click on the desired logo layout.
- Type your company name or tagline as needed.

Elevate your branding effortlessly with the Cupcake Branding Kit – where vintage charm meets modern versatility.
