Originally Laptop Web Promo VH-36000296: The template can be used to promote and demonstrate websites, applications, and services as well as their user interfaces using Laptops (MacBook). The placeholders work well for video, screenshots, or any other animation.

The most effective method to promote your laptop or website is this template! A unique project to promote the promotions for your web pages or landing pages with a new style and unique motion design.

You can also make use of this project as an example of a mockup for your MacBook. Each scene is pre-rendered. If you want to create video advertisements for a store on computers simply use this template!

Web promo is the continuation of the popular series and is completely designed within After Effects. Ideal for promoting your latest application or website! Simply drag a photo of your website onto those placeholders on the screen, alter your text, and then render.
