Sample Tools by Cr2 Micro House: "Micro House" from Sample Tools contains complex drum patterns and riffs of modular bass, out-of-the-box effects and textures, remixed melodics, and old-fashioned processed songs. The pack draws inspiration from artists like Silat Beksi Fabe, Rowland, Alexis Cabrera, and more.

Explore the depths of Micro House with this modular packed sample pack. Within this pack, there's an assortment of custom-made audio and MIDI files designed to maximize the efficiency of your next session in the studio. Instead of trying to think of an easy drum pattern, click and drag one of 64 Drum Loops in your DAW, and you'll find your head swaying.

The sound has been recorded using authentic vintage equipment to give you that extra value and personality you're seeking for your music. If you're trying to compete with the market top, this is the perfect product for you.
