#### Unity Asset - GUI - Casual Fantasy v1.2.3:

##### Assets

- Over 460 PNG sources are included, providing a wide range of UI elements and icons for customization.
- 50 unique item icons are provided in various sizes (128x128, 256x256, 512x512), offering flexibility in usage.
- Sixteen demo scenes are included to showcase the usage and versatility of the provided assets.
- Please note that this package does not include editable files such as PSD or SVG.

##### Prefabs (190+)

- A comprehensive collection of prefabs covers buttons, frames, labels, popups, sliders, UI elements, and more.
- These prefabs are ready for your project, saving you time and effort in UI development.

##### Popular GUI Assets

- Explore other popular GUI assets like GUI Pro - Super Casual and GUI Bundle - 10 Styles for additional customization options and styles.

##### Popular 3D Assets

- Popular 3D character assets such as 3D Characters - Fantasy Character1, 3D Characters - Casual Character1, and 3D Characters - Casual Character2 are available to enhance the game's visual appeal with three-dimensional elements.
- This package offers casual-style UI elements and icons tailored explicitly for mobile games.
- It includes a variety of item icons to enhance the visual appeal of your game.
- The GUI skin features a layout demo scene and prefabs, facilitating easy integration into your project.
- Sliced and white elements are provided for customizable size and colour, allowing seamless integration with your game's design aesthetic.
- This asset package does not include coding or animation components.
