Webex Video Conference UI Pack VH-42143120: This is a Webex video conference creator that can be used to create a virtual Webex audio conference. This pack includes Conference Call & Invite Promo and Desktop and Mobile templates. Pdf Help documents, Step by step Videos, and 24x7 technical Assistance.

What does it do?

- You can choose between desktop or mobile
- Select the number of people to call
- Add Videos, Audio, and Profile Pictures
- Edit Username text
- Customize Controls: Mute/Unmute Audio or Video calls and even create keyframes
- Switch between various Views and then create Keyframes
- It's done - Export the video!

- Both Conference Call and Invite Promo
- for Desktop Template - Add up to 25 persons to the course of a phone call
- for Mobile Template - You can add up to 12 users to the call
- Both Video & Audio Calls
- compatible for use with After Effects CS5.5 or C6, CC, and all versions up to date.
- Ultra HD 4K Resolution (3840x2160)
- Step by Step PDF Help Documents & Video Tutorials Included
- The Text layers that are present within the UI are editable
- Icons are made in After Effects (Vector based on Shape Layers)
- Works in all languages in After Effects (Expressions can be universalized)
