Maestro Text Effect Golden Style - 280854158:

The "Maestro" text effect is a golden-style design for Adobe Illustrator, available through the Graphic Styles menu.

It's easy to apply by simply typing your text and selecting the effect.

This is a font style effect, not a font itself. The design is fully editable, with well-organized layers and 100% customizable text and font.

The package includes an EPS file, an AI file, and a JPEG preview.

It is compatible with Adobe Illustrator CC or later, and uses a free font.
